

## System Administrator – Manila, Philippines

mClinica is a fast growing impact-driven healthcare technology company, focused on advancing healthcare for hundreds of millions of people across Asia. We help the biggest Pharmaceutical Companies in the World, Governments and NGOs by providing mobile technology platforms to tackle the complex challenges of the healthcare industry.

At mClinica we value people that take initiative and reward them with significant responsibility and the ability to directly impact our business globally. We are now looking for a talented System Administrator to join our Global Product Team in Manila.

### Your tasks and responsibilities:

- Maintain servers and services for internal and external operations.
- Assist in solutions architecture and server efficiency.
- Ensure application security and authentication management.
- Communicate with web developers to deliver scalable apps.

### Your Profile

- Desire to learn – attitude is by far the most important. You need to have a deep desire to learn and grow your skills.
- Experience with server maintenance, Linux Operating Systems, database management, cloud service providers such as Amazon Web Services and Microsoft Azure, NGINX, load balancing, DNS management, server security, and identity management.
- Optional experience with Docker and MariaDB.
- Thrive in a result-oriented, direct environment working closely with the management.
- Easy to work with, flexible to changes, be able to turn around projects quickly and present to top management.

### What You Can Expect from Us

- Opportunity to **work on exciting technological challenges** and help mClinica have a significant positive impact in the health for hundreds of millions of people.
- **Steep learning curve and significant career growth** opportunities in a fast-growing international business.
- **Competitive compensation.**
- **Challenging and diverse international assignments** along with direct responsibilities.
- **Fun & casual working environment.**
- **Starting date:** As soon as possible.
