

Front-end Developer – Taguig, Philippines

mClinica is a fast-growing impact-driven health tech startup focused on connecting pharmacies to transform global health. We work with pharmaceutical companies, governments and NGOs by providing mobile and web technology platforms to tackle the complex challenges of the healthcare industry.

At mClinica we value people that take initiative and reward them with significant responsibility and the ability to directly impact our business globally. We work hard, we work smart, we are very passionate about what we do, and we like to have fun. Interested? We're now looking for talented and passionate **Front-end Developers** to join our Global Tech Team in Manila where you'll be collaborating with other developers to deliver high quality products to our customers.

Your Role:

- Develop coding standards, methodology and repeatable processes.
- Work closely with UI/UX designers to ensure the technical feasibility of their design
- Develop coding standards, methodology and repeatable processes.
- Team player, professional, effective communication and interpersonal skills.
- Ensure code and design quality through the execution of test plans.
- Collaborate with engineering and product team to design and launch new features.

Your Qualification:

- Bachelor's degree in Computer Science or equivalent
- At least 2 years experience building modern web applications, preferably with React.js in Agile/Scrum environment.
- At least 1 year experience with deploying JavaScript based solutions into production (Babel, React JS, Redux, WebPack, Node JS).
- At least 2 years experience with modern frontend development (Material Design, HTML 5, CSS 3, Preprocessors like Sass or LESS).
- Self driven with a strong desire to remain current on emerging digital technologies.
- Excellent JavaScript knowledge
- Knowledge of modern Web Design concept (e.g. Responsive Web Design, MVC, MVVM).
- Web development experience (e.g. React, Redux, HTML, CSS).
- Experience with designing and consuming RESTful Services
- TypeScript experience would be beneficial

What You Can Expect from Us:

- **Significant career growth opportunities** in a fast-growing business
- **Competitive compensation** package
- Opportunities for **international travel**.
- **Challenging and diverse assignments**
- **Fun & casual working environment** in an international team.
