

Project Manager – Taguig, Philippines

The USAID-funded TB Innovations and Health Systems Strengthening (TB-IHSS) project in the Philippines is designed to bring a dynamic and strategic approach to accelerate the fight against tuberculosis (TB) by identifying approaches to maximize case detection and health-seeking behavior, integrating and institutionalizing practices to improve treatment adherence and quality of care, and creating a supportive environment encompassing the continuum of TB prevention to care.

mClinica is a fast-growing, impact-driven technology organization whose mission is to build digital networks of pharmacies to improve market efficiencies and health outcomes for hundreds of millions of people across Asia. We are tasked with using innovative new mobile technology to engage private pharmacies in the fight against tuberculosis by finding missing TB cases from private sector pharmacies. We are hiring a Manila-based **Project Manager** to inform and achieve this goal.

Your Role:

- Provide direction and oversight to all aspects of monitoring, evaluation, and learning for the project;
- Lead project technical implementation and contractual and financial management;
- Directly supervise technical, field, and administrative staff;
- Represent mClinica in internal and external coordinating meetings to ensure effective alignment of goals and initiatives;
- Conduct field visits to reporting pharmacies and receiving providers;
- Plan, coordinate, and participate in project-supported events;
- Prepare regular progress reports on the status of project implementation;
- Coordinate with stakeholders and participate in relevant working groups to ensure progress toward meeting project targets;

Your Qualification:

- Master's degree in public health, data science, or a related field;
- At least 5 years of experience managing USAID-funded project activities in the health sector;
- Experience in budget development and management;
- Knowledge of project M&E;
- Strong management, communication, presentation, and cross-cultural interpersonal skills;
- Experience working with a diverse range of stakeholders including field staff, professional associations, and other project partners;
- Demonstrates interest in mobile technology; ideally, you have a keen interest in the startup world;
- Flexible to changes and capable of turning around projects quickly;
- Fluent in English; other local language abilities are desirable.

What You Can Expect from Us:

- **Significant career growth opportunities** in a fast-growing business
- **Competitive compensation** package
- Opportunities for **international travel**.
- **Challenging and diverse assignments**
- **Fun & casual working environment** in an international team.
