

Software QA Engineer – Taguig, Philippines

mClinica is a fast-growing impact-driven health tech startup focused on connecting pharmacies to transform global health. We work with pharmaceutical companies, governments and NGOs by providing mobile and web technology platforms to tackle the complex challenges of the healthcare industry.

At mClinica we value people that take initiative and reward them with significant responsibility and the ability to directly impact our business globally. We work hard, we work smart, we are very passionate about what we do, and we like to have fun. Interested? We're now looking for talented and passionate **Software QA Engineer** to join our Global Tech Team in Manila where you'll be collaborating with other developers to deliver high quality products to our customers.

Your Role:

- Creating an end-to-end test plan
- Executing the plan and managing all activities in the plan to ensure that the solution works as expected
- Assist with defining use and test cases during product ideation stage
- Working with the functional and technical teams to fully understand the objectives of the solution
- Ensuring that the build is tested in terms of functionality, performance, reliability, and stability
- Reporting of test results and follow up on issue fixes
- Estimating story points with the product and development teams during sprint refinement meetings
- Suggest user experience improvements based on testing experience
- Execute scripts during regression test cycles in accordance with the agreed scope and schedule

Your Qualification:

- Extensive knowledge of testing web and mobile applications (Android and iOS)
- Minimum 2 years of experience on similar position
- Exceptional problem solving and analytical skills
- Self-starter mentality with a 'can-do' attitude that flourishes in a challenging and rapidly evolving environment
- Comfortable working with agile methodology (Scrum)
- Previous experience with test management tools (Jira) is a plus

What You Can Expect from Us:

- **Significant career growth opportunities** in a fast-growing business
- **Competitive compensation** package
- Opportunities for **international travel**.
- **Challenging and diverse assignments**
- **Fun & casual working environment** in an international team.
